MR[®] 35 Trenn-/Gleitfix

MR[®] 35 Trenn-/Gleitfix

lubricant with high-quality silicone

General description:

- mixture containing silicone, medium viscosity
- colourless
- dries quickly
- efficient
- avoids building of residues, e.g. adhesive

Field of application:

- separating agent for industries using caoutchouc and plastic
- good lubricant also for the welding industry, foundries and the printing industry

Application:

- Shake aerosol for approx. 2 minutes prior to use
- Remove rust and other contaminations from surface in a suitable manner
- Spray MR[®] 35 evenly on objects from a distance of approx. 30 cm and at room temperature. This ensures a good spraying pattern.

Minimum shelf life:

- will keep for a minimum of 4 years, stored at room temperature

Pack sizes:

- aerosols, 300 ml (1 box contains 12 aerosols)
