

# PRODUCT INFORMATION

## Special product

## MR<sup>®</sup> 3001 Universal remover

### Product characteristics

- Mildly alkaline, environmentally friendly cleaner with high grease dissolving power
- Pre-cleaner for penetrant testing according to DIN EN ISO 3452-1
- Free of solvents, acid and phosphate
- pH-value: concentrate 10, 1% dilution 9.5

Contained surfactants are > 90% biodegradable according to the requirements of the RVO to the Detergents and Cleaning Agents Act and the provisions of the Tenside Ordinance (TensVO) of 04.06.1985.

### Minimum shelf life / temperatures

Bulk: 2 years at storage temperature

Storage: + 5 °C - + 45 °C

Application: + 10 °C - + 50 °C

### Fields of application

- Can be used for metallic surfaces, machines, workshop floors, tanks
- Neutral towards metal, lacquers and plastics

### Application

Dilution ratio with water:

- Metallic surfaces: 1:3 to 1:100
- Workshop floors: 1:10 to 1:100

Already on the way from the cleaning point to the light liquid separator, the cleaning solution separates into the aqueous and oily phase.
